Please note: For the sunkini the bust size should determine the size of the suit ordered. If someone is tall, for example 170 - 180 cm (5'9" - 5'11"), but has a small bust, the best size would be a Small. In the same manner, if the person is not tall but has an average sized bust then a Medium would be better. A Large size is best for people with a larger bust.
